Prices correct as of 24th November 2025

All Shared Ownership home sales are subject to eligibility criteria and a financial assessment by a recommended mortgage broker.

The suggested income levels on the pricelist indicate our recommendation of the household incomes required to purchase; however, applicants on a lower income may be able to secure a property but will need to contribute a larger deposit. (i.e. where you have higher savings, your household income can be lower than the figure quoted in the above).

The 40% share percentage quoted is a guideline and may vary according to individual incomes and circumstances. Charges include service charges, estate charge and a management fee. Rent is calculated at 2.75% on unowned equity. All figures are estimated and subject to change.

\*Anticipated Household income is based on 5% deposit and no other financial commitments with a 5% interest rate and 25 year mortgage term. Your home is at risk if you fail to keep up repayments on a mortgage, rent or other loan secured on it. Please make sure you can afford the repayments before you take out a mortgage. Please note these figures are an indication only and will vary according to personal circumstances. □
